Safe Harbor & Non-GAAP

Use of Forward Looking Statements

This presentation contains “forward-looking statements” within the meaning of, and subject to the safe harbor created by, Section 21E of the Securities Exchange Act of 1934, as amended, with respect to the business, strategy and plans of the Company and its expectations relating to future financial condition and performance. Readers are cautioned not to place undue reliance on these forward-looking statements and any such forward-looking statements are qualified in their entirety by reference to the following cautionary statements. All forward-looking statements speak only as of the date of this presentation and are based on current expectations and involve a number of assumptions, risks and uncertainties that could cause the actual results to differ materially from such forward-looking statements. Words such as “believes”, “anticipates”, “estimates”, “expects”, “intends”, “aims”, “potential”, “will”, “would”, “could”, “may”, “considered”, “likely”, and variations of these words and similar future or conditional expressions are intended to identify forward-looking statements but are not the exclusive means of identifying such statements. Such forward-looking statements are only predictions and involve known and unknown risks and uncertainties. The Company does not undertake to and specifically declines any obligation to publicly release the results of any revisions to these forward-looking statements that may be made to reflect future events or circumstances after the date of such statement or to reflect the occurrence of anticipated or unanticipated events. These factors include such risks and uncertainties detailed in the Company’s periodic public filings with the SEC, including but not limited to, those discussed under the “Risk Factors” section in the Company’s Form 10-K for the fiscal year ended December 31, 2016 and other filings with the SEC and in other investor communications from the Company from time to time.

Non-GAAP Financial Information

This document contains non-GAAP financial measures, including non-GAAP income from operations, non-GAAP adjusted EBITDA and non-GAAP diluted EPS. The Company believes that these non-GAAP measures, when presented in conjunction with comparable GAAP measures, provide useful information about its operating results and enhance the overall ability to assess the Company’s financial performance. Internally, the company uses this non-GAAP information as an indicator of business performance, and evaluates management’s effectiveness with specific reference to these indicators. These measures should be considered in addition to, not a substitute for, or superior to, measures of financial performance prepared in accordance with GAAP.

A reconciliation of GAAP to non-GAAP financial measures can be found in our periodic filings with the Securities and Exchange Commission and in the investors section of our website, www.rrdonnelley.com.

(2) A reconciliation of GAAP to non-GAAP financial measures can be found in our periodic filings with the SEC and in the investors section of our website, www.rrdonnelley.com.

(3) Certain components of the guidance given in the table above are provided on a non-GAAP basis only, without providing a reconciliation to guidance provided on a GAAP basis. Information is presented in this manner, consistent with SEC rules, because the preparation of such a reconciliation could not be accomplished without "unreasonable efforts." The Company does not have access to certain information that would be necessary to provide such a reconciliation, including non-recurring items that are not indicative of the Company's ongoing operations. Such items include, but are not limited to, restructuring charges, impairment charges, spinoff-related transaction expenses, pension settlement charges, acquisition-related expenses, gains or losses on investments and business disposals, losses on debt extinguishment and other similar gains or losses not reflective of the Company's ongoing operations. The Company does not believe that excluding such items is likely to be significant to an assessment of the Company's ongoing operations, given that such excluded items are not indicators of business performance.

(4) 2016 capital expenditures and cash flow from operations have not been restated and include activities of LSC and Donnelley Financial for the nine-month period prior to the spinoffs on October 1, 2016.

5 Capital Structure and Priority Uses for Cash

Pro Forma Debt Maturity Profile (in \$mm), actual as of December 31, 2016 ⁽¹⁾

- Key sources of cash include strong cash flow from operations and disposing of 19.25% equity stakes in DFS and LSC
 - Equity dispositions expected to be completed within 12 months of spin
 - Proceeds from equity dispositions will be used to retire debt
- Key uses of cash include debt paydown, capital expenditures, dividends and strategic investments
- Target leverage ratio range of 2.25x – 2.75x

(1) Excludes miscellaneous debt obligations, capital leases and unamortized debt issuance costs

(2) Total capacity of credit facility is \$800mm maturing in 2021.
